Mock Auctions & Evaluating Bull Purchases

BEEF QUALITY ASSURANCE & CATTLE HANDLING & CARE CERTIFICATION

February 6 – 10:00 am

Adair County Extension Office

Has Your BQA Certification expired? If so, make plans to attend this session to renew your certification. This is an important step for beef producers to ensure consumers are receiving wholesome and safe products. Also, applicants approved for the Large Animal investment area in the CAIP program must be BQA certified (Beef Quality Assurance). The fee for BQA Certification is \$5.00, which is due at the time of the certification.

Ag Business Summit

Tuesday – February 11
10:00 am CT
Adair County Extension Office

Ag Businesses owners, management, and community leaders are invited to attend the Adair County Ag Business Summit on Tuesday – February 11th. This program will provide you with information that you may find useful in making decisions in you ag business. Topics will include agriculture economic outlooks, 2019 farm income and expense review, and results of the latest USDA ag census. For more information and to register, call the Extension off at 270-384-2317.

Woodland Management Seminar

March 10 – at 10:00 am CT

Adair County Extension Office

Want to learn more about managing your woodlands? Or are you a master logger needing continuing education credits? If so, this program is for you.

consist of previously recorded programs offered by the University of Kentucky Forestry Department. A registration fee of \$5 per person will be collected at the door to cover lunch expenses (pizza).

The topics to be covered are as follows:

Morning Topic: Woodland Management: What is Right for You and Your Woodland? Managing your woodlands to grow healthy forests and produce revenue depends on making the right choices for your location. This session will help woodland owners to understand how stand dynamics and market considerations are used in the application of management.

Afternoon Topic- More than Timber: Income Opportunities from Non-timber Forest Products. There are a range of possibilities to generate income from your woodlands that depend on your location, forest type and more, that are compatible with timber management too. In this session learn more about the opportunities to generate income from your woodlands.

3 hours Master Logger Credits Available from this training!

Dicamba Training

Wednesday – February 5
7:00 am CT

Taylor County Extension Office

Planning to spray new dicamba technologies on soybean fields this year? Reminder that dicamba specific training is required. This location is the nearest training scheduled and will be on February 5th at Taylor County Extension Office.

Call 270-465-4511 to register
